Race Start Procedure

All classes EXCEPT for T4 Bambino will be Rolling Starts. The T4 Bambino will be a Standing Start.

Rolling Start

All karts must be in a two-row formation by the point indicated in **red** on the track map below. **Karts cannot overtake to retake grid positions once they have passed this point and must remain in the position where they are when they pass this point.** There must be no weaving / tyre warming after crossing this point.

The pace between this line and the yellow line must be a constant or reducing. Failure to do so will result in a false start and an additional formation lap. Penalties may be applied in accordance with Appendix 70.1

The start signal will be given when the lead competitors are between the yellow line and the start line if the starter/COC is satisfied with the formation and pace. Once the start signal is given, racing conditions apply.

Standing Starts

Competitors will leave the pre grid area and proceed around the track at a reduced speed to the start finish line. Competitors will be met by an Official in the centre of the track with a red flag raised above their head. Grid Marshal(s) may be present to assist competitors in taking their correct grid position. Once all competitors are in the correct position, the start marshal will raise a green flag from the left-hand side of the track. This will signify the race start.

After the Race

Competitors will take the chequered flag at the start finish line (marked S/F on the map above).

FLAG SIGNAL , LIGHTS, LED PANEL

Please note that the Officials of the meeting will have the ability to display messages to competitors whilst on track through use of an LED panel mounted on or near the Start line gantry.

Messages displayed to competitors on the LED panel will have the same meaning and effect as that of flags and number boards and must be obeyed at all times. Failure to do so may result in a penalty.

Below are samples only of messages which may be displayed.

Flag signals may be supplemented by or replaced by light signals and will have the same authority and jurisdiction as flag signals. Therefore, breaches of signals given by light signals will be treated in the same way as breaches of flag signals. Further examples and explanations will be given at drivers briefing.
